MESSAGE FROM IFERP DIRECTOR

2019, Some Magnificent Moments ...

Welcome to the second issue of the newsletter from Institute For Engineering Research And Publication and check out what the IFERP has accomplished in recent months! Our projects are fully under way and we have successfully established partnerships at multiple levels. This issue features the International conferences & Scientific events organized by IFERP that brought together many researchers, professionals, scientists and academicians to engage in very challenging conversations, assess the current body of research, and determine knowledge and capability gaps.

We contributed our bit in the development of our nation through recent initiative of organizing Conferences, Innovation Meets. It is a series through which we hope to foster innovative thinking, strengthen R&D and nurture the entrepreneurial culture in the community.

IFERP publications have shown marked growth in terms of global outreach, impact factors, downloads, citations, quick decision rates by the peer reviewers, number of submissions and stringent acceptance rates. I am confident that the quality of our Journals will spur the institution to greater heights. We will be looking for articles from our members to contribute to the news letter as a way of possibly working up to our own association.

STEP TOWARDS UNITED INNOVATION

Since our establishment IFERP is committed towards its tag line to connect researchers and innovators across the world through sharing of knowledge and cooperation for incubation. To modernize our journey, we collaborated with renowned institutes, colleges, universities and research centers to serve them through our vibrant network of wizards of science. IFERP is moving forward to achieve its vision of organizing Interdisciplinary Conferences from its mission of organizing Multidisciplinary Conference. IFERP launched a digital platform for its members for communication to reach the step towards united innovation.

ACTIVITIES

Technoarete Groups & IFERP hosted **31 International Conferences** till June, 2019 on emerging areas of engineering, science & technology across the globe. We contributed our nation by hosting more than 20 conferences at different universities and colleges across India.

IFERP organized the "4th International Conference on Emerging Trends in Engineering, Science & Technologies (ICETEST-19)" in association with **Narayana Engineering College** on 5th – 6th July, 2019 at Nellore, Andhra Pradesh.

Dr.Dola Sanjay, Principal, Ramachandra College of Engineering and Dr.M.Sugunalakshmi, Senior Principal Scientist, CSIR-CLRI, Keynote Speakers of the conference along with the IFERP Associates Mr.Prabhu, Mr.Kumar and participants of the Conference

IFERP organized an "International Conference on Academic Science and Engineering (ICASAE-19)" at Lucknow on 7th – 8th June, 2019. More than 50 Students and research scholars attended the Conference.

Dr.Deepak Kumar Singh, Co-Founder, DK InfoSolutions, Guest of Honor and Dr.Arvind Kumar Tiwari, Associate Professor, KNIT, Keynote Speakers along with the participants of ICASAE – 19

MESSAGE FROM IFERP CEO

Our Vision of Integrated Innovation ...

2019 gave IFERP many splendid moments which shall be bookmarks of our era towards achieving our mission to an integrated scientific revolution. Our members, associates, students & staffs together made few mile stones achieved through our R & D activities in nook & corners of world. Leading universities and educational institutions came ahead with their hand open to collaborate with IFERP giving us opportunities to live our foot prints at several developing & developed countries. Every day of year 2019 are one among those splendid moments when we kept on receiving proposals for collaboration & partnership. Our associations were flooded with numerous application for professional memberships with us. We were motivated by our researchers, by their support to our conferences & events that made us stand for science & technology. Thousands of research articles were shortlisted & scrutinized for publication with our associated journals at renowned scientific repositories. Emphasizing on our mission to globalize scientific interaction multiple scientific collaborations were made with oversea universities, associations & publishers. Several conferences & events were organized with attendance and submission from nook & corners of world. The year 2019 will be marked for our glory & success among the decades of our dedicated service towards science Engineering & technology.

ASSOCIATIONS

The year 2019 gave a buoyance towards professional membership and associations of IFERP. Exclusive professional chapters, local chapters, faculty and student chapters were established to accelerate our network and reachability to potential scholars

NETWORKING THE COMMUNITY

IFERP launched a new digital platform for interacting with the members via dashboard. Dashboard is the end to end communication exclusively for all the activities and services to its members. IFERP established its Zonal Chapters in Bengaluru, Tirupati, Chennai, Vijayawada, Hyderabad, Kolhapur, Nagpur, Pune, Rajasthan, Kerala, Delhi & Goa.

GLOBAL OPERATION

With our global professional networking IFERP left its footprints at many universities overseas and research centres in the year 2019. Focusing on globalizing innovation we hosted our activities in UAE, Singapore, Indonesia, Philippines, Malaysia & South Korea.

STUDENTS CHAPTERS & FORUMS

Connecting to students and making our academic services reach them with convenience and palatability is our commitment so IFERP signed MoU for establishing student chapters in different engineering colleges this year.

IFERP signed MoU for establishing student chapters in

- Galgotias College of Engineering & Technology, Greater Noida, Uttar Pradesh.
- AJK College of Arts and Science, Coimbatore, Tamil Nadu.
- KKR & KSR Institute of Technology & Science, Guntur, Andhra Pradesh.
- GIET Engineering College, Rajahmundry, Andhra Pradesh.
- D.Y.Patil Institute of Engineering & Technology, Ambi, Maharashtra.
